Our mission at Shiloh is partnering with the family to cultivate academic excellence, integrate Godly principles for living, and guide every child toward maturity in Christ.

It is helpful if the student arrives **one week** before starting the semester. This gives the student time to adjust to our time schedule and get familiar with the host family.

We choose our host families very carefully. We want the best possible experience for each student that comes to the United States. We also monitor and stay in close contact with student and host family to make sure everything is going well.

Every international student must receive a F1 Visa to attend. We are regulated by SEVIS.

To seek admissions every student must:

- Fill out an application and fax or email the application
- Fax or email a copy of their passport
- Fax or email their health insurance while in the United States
- Fax or email documented evidence of means of support (must attach to I-20 form)
